

WAR CRY

Dm
There's a fighter rising up in me
C
It started happening when I was on my knees
Bb C
No longer will I be a victim of deception
Dm
I won't allow myself to believe the lie
C
That I don't have what it takes, that I needn't even try
Bb C
But now my eyes are opened to the battle in my mind

Ref: Dm
And there's a war cry in me rising up from the depths
Bb
Where the Holy Gost lives, He is raising my head
C
And I will no longer bow when fear is pulling me down
Bb C Dm
I finally broke free from these chains binding me

Dm
Now I realize I'm heaven's citizen
C
I'm on the winning side, this boat I'm sittin' in
Bb C
Is never gonna sink, cause I'm a child of the King
Dm
Now we're shining ever brighter
C
In our weakness God is stronger
Bb C
What the enemy meant for wrong, Yaweh's turned to song

Bridge: Gm Bb
When the waves are rising higher, threatening to pull me under
F C
I can walk on water, we are Children of God
Gm Bb
We were made to stand together, side by side, shoulder to shoulder
F C
In one body we're united, Children of God
Gm Bb
Our Captain is the undefeated King of glory, crowned and lifted
F C
High above all others! We are children of God
Gm Bb
Every tribe and every nation lift your hands in adoration
F C
To the Lion of Judah! We are children of God
